MY ADVANCE CARE PLAN

If you have had a chance to think about the care you want towards the end of your life, you may want to write your thoughts down. Use this plan to write down what you want health professionals, friends and family/whanau to know if you could no longer tell them yourself.

This plan is **for you** and **about you**. Complete as much as you want. Add to it as often as you like and change your decisions at any time.

There is a section on medical treatments which is important to discuss with your doctor if possible, before you complete it.

You can show it to anyone involved in your healthcare. Please take it to your doctors or nurses to discuss it and then you can both have copies. It can be forwarded through your doctor to others who may need it, with your consent.

ADVANCE CARE PLAN

Please use this plan to inform my care ONLY if I am unable to inform you directly.

Specific Treatment and Care Preferences

(Please fill out with the help of your Doctor or Nurse)

These expressed preferences should be used to guide clinical decisions in the circumstances I have set out below:

I would / would not want:	In these circumstances:

Signatures

1. I understand this is a record of my preferences to guide my healthcare team in providing appropriate care for me.
2. I understand that it will only be used when I am unable to make decisions for myself.
3. I understand that medically futile and/or inappropriate treatments will not be administered even if this is my expressed preference.
4. I acknowledge that this record may be held in an electronic form and will be made available to other health care providers for purposes of treating me.
