PAIN ASSESSMENT

- 1) Cause and physiological response
- 2) Location(s)
- 3) Intensity (0-10) NB. Record Scale Used a) At rest b) On movement
- 4) Quality
- Onset and duration 5)
- 6) Precipitating factors
- 7) Modifying factors
- 8) Psychological response
- 9) Behavioural response
- 10) Re-assessment
