

**Assisted Dying – Position Statement of Arohanui Hospice
December 2023**

The vision of Arohanui Hospice is that all people with life-limiting conditions live well and die well irrespective of their condition or care setting. The focus of Arohanui Hospice is on ensuring people under our care and their families / whānau receive the best possible end of life care and to advocate for the provision of accessible specialist palliative care nationally.

While assisted dying is not a specialist palliative care practice and is not a service that is provided by Arohanui Hospice, we respect and support our patients' choices.
